Open Data x **Biodiversity** Hackathon: two days of exploration, creativity and impact at the GovTech Lab

Organised by the GovTech Lab in collaboration with the Information and Press Service (SIP) and the National Museum of Natural History Luxembourg (MNHNL), the Open Data x Biodiversity Hackathon is a must-attend event for curious minds, creative thinkers and Open Data enthusiasts.

The aim of the hackathon is to bring together people from different disciplines to develop ideas for innovative tools based on data on Luxembourg's biodiversity provided by the MNHNL.

Among other things, the MNHNL contributes to GBIF (Global Biodiversity Information Facility), the leading international database in this field. This database provides open access to data on all forms of life on Earth, including data from Luxembourg.

When? December 3-4 2026 at GovTech Lab.

Why take part?

- Multidisciplinary collaboration: Join a diverse community of data scientists, developers, UX designers, project managers, data journalists, business analysts and many more. Together, we will explore the data provided by the MNHNL.

- **Innovation for biodiversity:** Use biodiversity data to develop innovative tools! Come up with practical solutions that showcase the potential of Open Data, such as data visualisations, AI tools and more.

- **Networking and exchange:** Meet experts, exchange ideas and build lasting connections with professionals in the field.

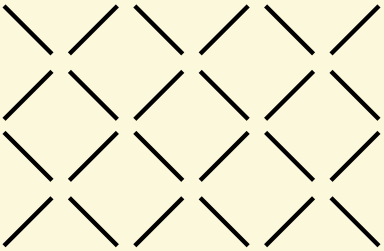

Who can take part?
Anyone! You can take part individually or as part of a team of three to six people. You can form your own team or join an existing one.

Don't hesitate to register and share the event with your network. Places are limited, so don't wait too long!

Register now via this link.
If you are taking part as a team, please register each participant individually.

Agenda

// DAY 1

9:00am - 9:30am: Arrival of participants

9:30am - 10:00am: Hackathon overview & team formation

10:00am - 10:40am: Presentation of datasets

10:40am - 1:00pm: Hacking

1:00am - 2:00pm: Lunch

2:00am - 6**:00pm:** Hacking

// DAY 2

8:00am - 9:00am: Arrival of participants

9:00am - 1:00pm: Hacking

1:00pm - 2:00pm: Lunch

2:00pm - 4:00pm: Hacking & pitch preparation

4:00pm - 5:00pm: Pitching sessions

5:00pm - 6**:00pm:** Networking & drinks
